- Assist with or perform painting work
- Assemble and disassemble parts when needed
- Maintain organization in the workshop

Who We're Looking For

- Experience with finishing work, surface treatment or painting
- High attention to detail
- Strong understanding of quality requirements
- Practical skills and hands-on mindset
- Commitment to delivering quality work

Qualifications

- Experience in fiberglass, composites or auto body repair
- Experience with painting, sanding or surface work
- Background in marine or technical trades is an advantage
- Category B driving license
- Ability to work independently and in teams

Personal Qualities

- Detail-oriented and quality-conscious
- Reliable and structured
- Positive attitude and willingness to learn
- Able to handle physical work

What We Offer

- A varied working day in a professional maritime environment
- Exciting service and repair tasks
- Skilled and supportive colleagues
- Opportunities for growth and development
- The position is a temporary role for six months, with the possibility of permanent employment
