

## Newly graduated Engineers for a life-changing career within Pharmaceutical Manufacturing Technology

### Job description

#### Are you looking for a life-changing career within Pharmaceutical Manufacturing Technology?

Novo Nordisk is a global healthcare company employing 47,000 employees worldwide. At our Manufacturing Hubs in Kalundborg, Denmark we are hiring graduates within it, automation, and robotics to help optimize and improve our production through development and implementation of state-of-the-art technology.

Our aim is to be at forefront of technology within pharmaceutical manufacturing technology, and to drive automatization and digitalisation of the Novo Nordisk manufacturing value chain. For this we need the brightest and most innovative minds. We're a dynamic company in an even more dynamic industry, and we know that what got us to where we are today is not necessarily what will make us successful in the future. That's why we strive for continuous development. **Do you want to join us?**

#### Working with the newest technology

You will be working with the newest technology and explore ways to utilise their capabilities, within e.g.:

- Data access and architecture
- Advanced automation
- Collaborative- and industrial robotics
- Machine vision
- Machine learning
- Mechanical design and simulation
- Virtual or augmented reality

You will work alongside specialists from various fields within biotechnology, technology, and innovation who will be your mentors to guide you through our digital transformation journey.

You will be a fully-fledged member of the team from day one, and we count on you to present your ideas. In return, we promise that you play an instrumental role in the development and scaling of technology across the production at our manufacturing hub.

**FULL INFORMATION ABOUT THE VACANCIES:** <https://bit.ly/3TWthMh>

#### How to apply:

This is your opportunity to be part of our exciting journey and help establish the future factories of Novo Nordisk. The new facilities include state-of-the-art production technologies, which will be bridged with our more than 50 years of experience in biomanufacturing. We also have many interesting career opportunities in our existing facilities. Go to [www.novonordisk.com/Kalundborg](http://www.novonordisk.com/Kalundborg) to learn more.

Please, register yourself in our applicants database and apply for the job: <https://bit.ly/3L3I3O8>. Por favor, comunícanos si has llevado a cabo tu solicitud a [eures.nordicos@sepe.es](mailto:eures.nordicos@sepe.es), para poder hacer seguimiento de tu solicitud con nuestros colegas en EURES Dinamarca.

#### Check list when applying:

- It is crucial that you answer the questions provided when you apply, because we use this information to match your profile with open positions.
- When applying, it is important that you “unlock” your profile. When “unlocked” it will state: “Profile visibility: Novo Nordisk Recruiter Worldwide”.
- You do not need to attach a cover letter to your application, but please include a few sentences about why you are applying in your resume or CV. To ensure an efficient and fair recruitment process, please refrain from adding a photo in your CV.

**We commit to an inclusive recruitment process and equality of opportunity for all our job applicants.**

**Deadline:** Applications will be screened on an ongoing basis, so you are encouraged to apply as soon as possible.
