## SWEDEN NEED CHEFS

### **BENNE PASTABAR, in Gothenburg need a Kitchen Manager, a 2<sup>nd</sup> Chef and a Trained Beginner**

Benne Pastabar started in Gothenburg 2018. At the moment, there are two restaurants in Gothenburg. The first restaurant is located at Skanstorget and the second restaurant in Kvillebäcken. Now it's time to open the third restaurant that will be located on Friggagatan. The restaurants offer homemade fresh pasta in various dishes. Drinks in form of beer, wine and cider are also served. Everything is served with high quality and the best possible service.

We work in an open kitchen overlooking the dining area where the guests can see the whole process from the pasta coming freshly made from the machine, being boiled, mixed with various ingredients in a pan and to finally be plated. The restaurant is open between 11:00 – 20:00 during the weekdays and 12:00-21:00 in the weekends which makes it suitable due to early nightshifts

The concept of the business is based on everyone being able to afford a homemade, fresh and tasty pasta made with the best possible ingredients and products. The low price range combined with high quality attracts many segments of the society, which has made the business a success right from the start. The different locations follow the same interior design patterns, colours, machines, glasses, plates, staff clothes etc. You should get the feeling that it actually belongs to a professional and serious concept.

Since the concept is expanding, we are looking for new chefs that would like to be part of the journey.
